SERVICE BULLETIN

Date: May 14, 1999

S.B. Number: 99-1

Notice:

We have been informed by one of the Musik Express owners that there may be a problem if there is electrical power running to the sweep motors during installation or removal of the tubs from the sweeps. The possibility exists that as the sweeps are jogged around by hand, the motors may engage and start the ride turning. To avoid this, you must turn the motor circuit breaker to the "off" position before beginning to set up or tear down the ride.

If you have any questions on factory standards or procedures on our equipment, contact Majestic Manufacturing, Inc. during normal business hours of 8:00 a.m. to 4:30 p.m. Monday through Friday, E.S.T. at 330/457-2447 or toll free at 1-888-MAJ-RIDE.
