SERVICE BULLETIN

Date: August 19, 1999

S.B. Number: 99-3

Notice:

It has come to our attention that there is some confusion about the loading of the Musik Express unit.

The Musik Express is considered to be a balance ride. To ensure a safe and profitable operation, proper patron loading procedures should be followed.

If the Musik Express unit is not running at a full patron capacity, the patrons should be loaded in a criss-cross position. If all the cars are not loaded with passengers, than the cars opposite of each other should be filled to ensure a balanced load.

If you have any questions on factory standards or procedures on our equipment, contact Majestic Manufacturing, Inc. during normal business hours of 8:00 a.m. to 4:30 p.m. Monday through Friday, E.S.T. at 330/457-2447 or toll free at 1-888-MAJ-RIDE.
